

FEAR ITSELF THE NEW DEAL AND ORIGINS OF OUR TIME IRA KATZNELSON

Nov 25, 2020

[Fear Itself The New Deal And Origins Of Our Time Ira Katznelson](#)

In "Fear Itself: The New Deal and the Origins of Our Time", Ira Katznelson argues, "The New Deal – the designation I use for the full period of Democratic Party rule that begins with FDR's election in 1932 and closes with Dwight Eisenhower's two decades later – reconsidered and rebuilt the country's long-established political order." (pg. 4-5) To this end, Katznelson "examines the fringes of liberal civilization and the ways in which illiberal political orders, both within ...

In Fear Itself, Ira Katznelson shows that the endearing side extends way beyond southern hospitality. During the middle decades of the twentieth century in particular, southern Democrats wholeheartedly supported their party's progressive policies for revitalising the ailing US economy, under the umbrella title "New Deal".

Redefining the traditional understanding of the New Deal, Fear Itself examines this pivotal American era through a sweeping international lens that juxtaposes a struggling democracy with enticing ideologies like Fascism and Communism. Ira Katznelson asserts that, during the 1930s and 1940s, American democracy was rescued yet distorted by a unified band of southern legislators who safeguarded racial segregation as they built a new national state to manage capitalism and assert global power ...

['Fear Itself.' by Ira Katznelson - The New York Times](#)

The dazzling accomplishment of Fear Itself, a career capstone work by political scientist and historian Ira Katznelson, is to cast the New Deal anew. He arranges his examination thematically, not sequentially. He sees Congress, not the presidency, as the essential fulcrum of decision-making.

[Fear Itself: The New Deal and the Origins of Our Time by ...](#)

In Fear Itself, Ira Katznelson has produced an excellent work of synthesis about the political and economic terms of the New Deal. It forms a bittersweet homage to the period he has long thought of as the pivotal moment in the development of both American democracy and the US national security state, founded on foreign and domestic policy designed around the "containment" of threats".... His powerful and well-paced account begins in 1933 at the start of FDR's extended presidency and ...

[Fear Itself: The New Deal and the Origins of Our Time by ...](#)

Ira Katnelson's Fear Itself is an extraordinary book that will change our understanding of the New Deal. He has shown the ways in which racism has shaped American life in the age of the Great Depression, and among other things he has brought the U.S. Congress to the front of the New Deal. It is a remarkable work of scholarship. —Alan Brinkley, author of The End of Reform: New Deal ...

That incident may well be the origin of Katznelson's enduring interest in Roosevelt's much-scrutinized New Deal, the subject of his most recent book, "Fear Itself: The New Deal and the Origins of Our Time." In analyzing the period from several new perspectives, Katznelson hones in to an unprecedented degree on the influence of Southern Democrats in shaping the historic legislation.
