Mastering Photoshop Layers: A Photographer's Guide: Amazon.de: Jürgen Gulbins: Fremdsprachige Bücher

[Mastering Photoshop Layers: A Photographer's Guide ...](#)

Technology guru Juergen Gulbins' book Mastering Photoshop Layers, A Photographer's Guide published by Rocky Nook in 2013 is the best writing I have read on this subject. It is written in plain English. Layer functions are clearly described in a step by step approach which is illustrated by many screen prints. This is a book that explains the who, what where and why. Juergen explains keyboard shortcuts and how layer function works on older versions of Photoshop This is a book that you ...

[How to Use Layers in Photoshop - PHLEARN](#)

The basic Layers tool has been around since Photoshop v3 way back in 1994. For pure photographic editing it has been largely superseded by Adjustment Layers but it still has much relevance to the photographer today. The easiest way to understand layers is to think of your photograph as a slide. With your slide laid flat on the lightbox, a layer ...

[Book Review - Mastering Photoshop Layers - TipSquirrel](#)

Adjustment Layers Are A Photographer's Best Friend. As a photographer, you won't be using layers to "design" your images. You will be using them to tweak your images and put them in the best light possible. One way to do this is to use adjustment layers instead of using filters and image settings. Here's how they work. To start, you create an adjustment layer by clicking on Layer ...
