Sociolinguistic Variation brings together a group of leading scholars in the field of language variation and change to address the directions that sociolinguistic research is taking in the new millennium. Among the main themes of the volume are the construction of identity, the nature of "place" as distinct from "community", and the role of ...

The Sociolinguistic Variable. Steve Hoenisch. Labovian Methodology. The sociolinguistic variable is, Fasold (1990) says, a set of alternative ways of saying the same thing, although the alternatives, or variants, have social significance. More specifically, a sociolinguistic variable is a linguistic element that co-varies not only with other linguistic elements, but also with a number of ...
