[The Economics Of Emancipation Kathleen Mary Butler](#)

The Economics of Emancipation examines the effect of compensated emancipation on colonial credit, landownership, plantation land values, and the broader spheres of international trade and finance. Butler also brings the role and status of women as creditors and plantation owners into focus for the first time. Through her analysis of rarely used chancery court records, attorneys' letters, and ...

See Rose, Louis A., "Capital Losses of Southern Slaveholders Due to Emancipation," Western Economic Journal, III (Fall 1964), 39 – 51. The prices for slaves used in the Rose estimate were partially based on those collected by U.B. Phillips. The lower price series which I have used resulted from a sample collected by R. Fogel and S. Engerman from the identical collection of New Orleans ...

Compensated emancipation was a method of ending slavery in countries where slavery was legal. This involved the person who was recognized as the owner of a slave being compensated monetarily or by a period of labor (an 'apprenticeship') for releasing the slave. The latter was chosen as a compromise between slavery and outright emancipation, the former slaves receiving a nominal salary, while ...

From its beginnings of his critical analysis of Hegel to the uncompleted late work A Critique of Political Economy, Marx's philosophy is committed to the goal of human emancipation. I should like, therefore, to introduce my hypotheses with a quote of the young Marx from 1843, since it expresses, as it were, the driving motif of his whole philosophical and political activity. "Every ...
