Hasbro contracted Alex Irvine to write a book that would serve as a prequel to the War for Cybertron video game which in turn would be a prequel to the new Transformers Prime television series. Unfortunately for Hasbro both Irvin and High Moon Studios (the company contracted to develop the video game) had their own ideas. Unwilling to cooperate with Hasbro or each other, the book and the game ...

Curiously, this book is referred to as 'The Official History of the War for Cybertron.' Official to which continuity is the big question. It's definitely not related to the IDW or Marvel comics, as Orion Pax has a totally different back story in that continuity. My guess (as its advertised on one of the back pages) is that is meant as a prologue for the War For Cybertron video games, and its ...

[Transformers: Exodus - The Official History of the War for ...](#)

Transformers: Exodus is a novel written by Alex Irvine, which tells the story of the relationship between Orion Pax and Megatron long before the war broke out in Cybertron. It has been several centuries since Cybertron's golden age of space exploration and planetary colonisation, and its society has declined into stagnation. Almost every Space Bridge has gone offline due to sabotage or years ...
