Transformers: The Movie Guide is a book for the 2007 live-action movie. Overview. Various character profiles, covering the major (robotic) players of the movie. A bit of fleshing out of character abilities, weapons, and histories. As well, the book covers other things about Transformers that the movie mentions, such as the Trans-scanning, and Protoforms. It, like other visual guides, has the standard seemingly near-nonsensical callouts that point to various parts (an example being ...
